Projects

Career Guidance System | *Java, SQL*

- Developed a career guidance platform for students using Java and SQL.
- Integrated student career assessment and personalized career recommendations to help students make informed career choices.
- Designed and connected a SQL database to efficiently store, manage, and retrieve student and career-related information.

Krishi Mitra – Direct Market Access Platform for Farmers | *Web-Based Platform*

- Developed a web-based platform aimed at empowering farmers by connecting them directly with buyers and retailers, reducing reliance on middlemen.
- Developed the Crop Listing Page, enabling farmers to showcase their agricultural produce efficiently.
- Built the Buyer Dashboard for browsing crop listings, negotiating prices, and managing transactions.

Achievements & Certifications

- Solved 500+ coding problems across CodeChef and LeetCode.
- Participated in Smart India Hackathon 2025, contributing to a team-based problem-solving and innovation challenge.
- Secured 2nd Rank in a school-level model competition (Class 11) for developing a water contamination cleaning model.
- Volunteered at the TIT International Conference at Technocrats Institute of Technology- Advance, Bhopal.
- **Certifications:** HackerRank Java Certification, Cybersecurity Bootcamp Certificate (TIT Advance).
